Southern Afghan Club Ch Show- Bitches. 1 December 2019

I think this is probably the best club show I have been to. Congratulations to the committee for organising such a fun event and thank you for looking after me so well. Thank you also to my two excellent stewards, to friends of many years who turned up to watch and to all the exhibitors for entering your beautiful hounds. I know the work involved to present them in such good order especially at this time of year.

I was looking for a correct sized, feminine bitch with no exaggerations and the right balance for the breed and having as many of the breed characteristics as possible. I realise that in a breed with a very small pet demand it is difficult to breed for all the points you want. There are a limited choice of stud dogs and brood bitches and faults can quickly become established and accepted as the norm. There are a couple of problems that I found prevalent in the breed. There were many untypical heads that lacked quality and refinement. Hardly any had that lovely chiselling and detail that make a good Afghan Head. Many had Borzoi type shape but with a lot of 'padding' on the muzzle. It follows that eye shape and placement in these heads is not desirable. The other general problem was incorrect toplines - some dippy and some rising to the tail set - most obvious on the move.

I was very happy with my final line up with many typical Afghan bitches.

Minor Puppy Bitch (4)

1st. Moore's Cloudside Flamenco AI. This lovely brindle puppy had the best balance in the class. Excellent head carried on a long, strong neck. Well laid back shoulders and strong topline, ribbed back and compact strong loin. Good fallaway and correct tail set and ring tail which she carried well. Really covered the ground on the move. Very promising. She has the stamp of her kennel. Best Puppy In Show.

2nd Cullen's.Cloudside Sevillana at Eweyisska. Very similar and I see she is a litter sister. Tall enough for a bitch but has probably had a growth spurt. Another good head with lovely Afghan expression. Well laid back shoulde . Well set ringed tail. Raw at the moment but promising.

Junior Bitch (6)

Good depth of quality in this class.

1st. O'Donnell's Faith Is Like A Lily For Javidan. J W. Loved the overall picture of this beautiful brindle bitch. My eye kept being drawn to her in the challenge. She has the essence of a quality Afghan bitch. Correct size and she is totally feminine but with good substance. Her outline just flows without exaggerations. Beautifully balanced skull to fore face with just the right amount of stop and so lovely to see detailed chiselling in her foreface. Very typical outlook and expression. Well laid back shoulder without bulk and good return of upper arm. She has a nice spring of rib and a compact loin. Her rear angulation balances her front and so good to see her hold her topline on the move. Moved with style and lightness and covered the ground well. C.C. and R.B.I.S.

2nd. Lancashire's Drishaun Consider The Lily JW. Very close up and not surprised to see she is a litter sister of the winner. Most of the comments apply to both. Wonderful conformation with the best of fronts. Perhaps a shade longer in loin. Loved her balance, size and condition. Could change places.

Graduate Bitch (5)

1st. Nisbet and Forrester's Kandahar Xclusively for Finix JW. Very stylish Bl/silver. In the final three for the ticket. Quality bitch that i am sure has a good future. Very sound front, strong loin of correct length. Front and rear angulation balanced well and her whole outline had harmony. Came into her own on the move and covered the ground with style.

2nd.Lancashire's Drishaun Fair As A Lily. Mouth watering self masked golden with everything I look for in an Afghan bitch including a stubborn streak! Just oozed breed type. Exquisitely feminine with a beautiful chiselled head and wonderful expression. Excellent balanced angulation, correct topline with prominent pin bones. Silky coat with the correct coat pattern. Large feet and low strong hocks. Long ground covering strides but threw away her chances by not carrying her head well on the move. When she gets over this she would surely make up. She has so much that the breed needs. Sister to my C.C. winner. What an impressive litter.

3rd.Bleasdale's Tulak No Strings Attached.

Brood Bitch.
